As can be reasonably determined by Viking Country Kennel through evaluation of the puppy at the time of execution of this agreement, the puppy is in good health and free from any communicable diseases. The puppy is immunized and de-wormed according to the record provided. Your new puppy is guaranteed against viral disease up to 7 days beyond the date that the puppy is taken home. If the veterinarian finds abnormal results in the exam (apart from any imperfection that was made known at the time of the sale), I, the breeder must be contacted within 72 hours and copies of the vet reports supplied to me as the breeder. After this is provided, we will offer a reimbursement or solution based on the veterinarian's findings. In case of the puppy's death within a 7-day period, an autopsy must be arranged and paid for by the new owner and the findings must be submitted to the breeder before any exchange will be made.

Your new puppy is also guaranteed up to, and no more than, one year from purchase date against major genetic defects affecting the heart, lungs, liver, kidneys, etc. If the examining veterinarian concludes that the puppy has a serious genetic illness, the breeder must be notified, and proper documentation provided to the breeder by the veterinarian. The breeder may require a second opinion depending on the findings. Once all is received and reviewed, the owner will have the option to bring the pup back in exchange for another puppy of equal or lesser value. A reimbursement (whether in part or in full) will be provided at the breeder's discretion. At no time will your credit exceed the purchase of your puppy. The breeder is not responsible for any veterinarian bills you incur with your new puppy. In the event of a dispute arising concerning the health or condition of the puppy, the opinion of the Breeder's veterinarian (**Dr. JC Shelton DVM**), shall be considered final and binding.

*This guarantee **does not** include the following: Hypoglycemia, Colds/Upper Respiratory infection, Coccidia, Giardia, and other minor illnesses. If your puppy begins showing signs of any of these, the breeder must be notified immediately to help you find a solution.

***Payment in full of the purchase price is to be made by the buyer upon taking possession of the puppy.**

*The undersigned have thoroughly read and understand the contents of this agreement, Signatures below indicate full acceptance of and compliance with all terms and conditions set forth in this contract.
